

REMARKS

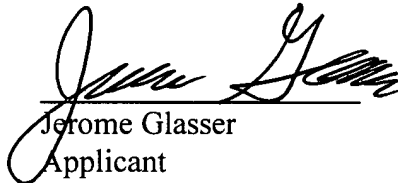

Claims 1-19 have been deleted and claims 20-40 added to more accurately reflect and claim the scope of the device to which Applicant is entitled. Applicant has included a clean version of the rewritten claims. Support for each of the new claims can be found generally in the specification. No new matter has been added.

CONCLUSION

Applicant respectfully requests that the Examiner enter this Preliminary Amendment and examine the application with reference to the amended specification and claim. If a telephone conference would be of assistance in advancing and finalizing prosecution of the subject application, Applicant invites the Examiner to telephone him at (973) 763-6020.
